

# FIRE HOSE REELS AND CABINETS

## HOSE REELS

PSL offer a wide range of fire hose reels in various sizes and lengths to give immediate protection to any building. Hose reels come complete with back pipe, stop cock, nozzle and hose guide ready for installation.

## FULL CABINET

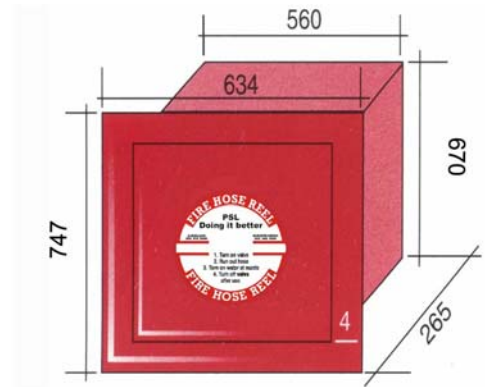

The fire hose reel cabinet is manufactured from Zintec and has a 4 mm perimeter flange. It has a flush door with full length piano hinge and comes complete with a D handle. The cabinet is polyester powder coated for quality finish and durability. The hose reel is attached to a swing arm which is held by pin fixing and has a rotation arc to a maximum of 170° enabling full use of hose reel in hallway or similar locations. The cabinet is designed to suit installation with left or right side opening door. Fittings supplied include stop cock, nuts, bolts and connecting hose.

Shrouds available for surface mount.

PVC covers available for wall mounted hose reels in exterior or exposed situations.
